OBJECTIVE

Web Developer with hands-on experience working on live client projects using HTML, CSS, PHP, and MySQL. Currently contributing as a Remote Web Developer Intern, with strong exposure to end-to-end feature development, bug fixing, and production deployments. Seeking an opportunity to grow as a developer while building scalable, user-focused web applications.

EXPERIENCE

Jan 2025 - July 2025 **Wipro**
Associate

Nov 2025 - Present **Traction Shastra**
Remote Web Developer Intern
Worked independently on multiple client websites in coordination with senior developers. Built and maintained responsive UIs, implemented PHP–MySQL features including form handling, validations, email notifications, and CRUD operations, and resolved production issues across UI, backend, and database layers. Deployed and updated live websites and improved performance through code and asset optimization.

Tech: HTML, CSS, PHP, MySQL
Tools: VS Code, FileZilla, phpMyAdmin

- Html
- Css
- JavaScript
- PHP
- SQL
- ReactJs
- NodeJs

PROJECTS

- **Hospital Management System | Final Year Project**

  Role: Full Stack Developer

  Developed a responsive web-based Hospital Management System enabling patients to book doctor appointments and view specialist profiles. Built the complete front end using HTML, CSS, and JavaScript with form validation and mobile-friendly layouts, and collaborated with the team to integrate a PHP–MySQL backend.

  Tech: HTML, CSS, JavaScript, PHP, MySQL

- **noteStack | Personal Project Role: Full-Stack Developer (Front-End Focused)**
  Built a creative and minimal notepad web app for writing and organizing notes in a calm, diary-like interface. Implemented a rich-text editor with formatting tools, background customization, image and audio notes, responsive layouts, and smooth UI interactions using React and Tailwind CSS.

  Tech: React, JavaScript, HTML, Tailwind CSS
